

$$\sigma_i \sigma_{i+1} \sigma_i =$$

Diagram illustrating the braid relation  $\sigma_i \sigma_{i+1} \sigma_i$ . The strands are labeled  $\dots$ ,  $i$ ,  $i+1$ ,  $i+2$ ,  $\dots$ . The strands  $i$  and  $i+1$  cross twice, and strand  $i+1$  crosses strand  $i+2$  once.

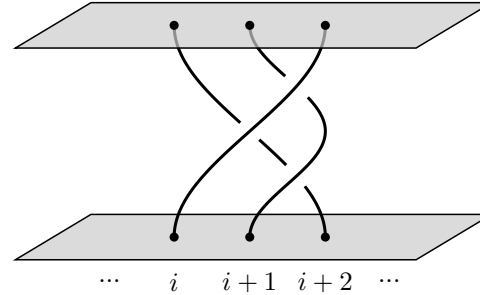

$$=$$
